To whom it may concern, I recommend Polomarenko Kristina for the quality assurance role.

I had the pleasure of collaborating with Polomarenko Kristina while performing closed beta testing of new features in our company. Polomarenko Kristina was actively involved in all testing activities during our collaboration and provided quality feedback to the Doxy.me project.

Polomarenko Kristina would be an excellent fit for the quality assurance role at your establishment. As a tirelessly creative and passionate individual, he will be a productive addition to your organization.

Feel free to contact me at [oleksandr.khotemskyi@doxy.me](mailto:oleksandr.khotemskyi@doxy.me) if you have any questions or want me to elaborate further on Polomarenko Kristina achievements.

Sincerely,

Oleksandr Khotemskyi, Quality Practice Lead at Doxy.me Inc.
